How to use Orange County's Household Hazardous Waste Collection Centers

Collection Center Hours: 9:00 a.m. to 3:00 p.m. Tuesday through Saturday
Closed major holidays and rainy days.

More information about household hazardous waste disposal is available at 714-834-6752 and at www.oclandfills.com.

Anaheim	Huntington Beach	Irvine	San Juan Capistrano
1071 N. Blue Gum Street Anaheim, CA 92806	17121 Nichols Street-Gate 6 Huntington Beach, CA 92647	6411 Oak Canyon Irvine, CA 92618	32250 La Pata Avenue San Juan Capistrano, CA 92675
At CVT Recycling Center, on Southwest Corner of La Palma Ave. & Blue Gum St. near junction of 57 and 91Freeways.	At Rainbow Disposal, south of Warner Ave. between Beach Blvd. and Gothard St.	Next to City of Irvine Corporate Yard & Bark Park. From I-5 exit Sand Canyon. Go west to Oak Canyon and turn right.	Exit I-5 at Ortega Highway (SR-74). Go east to La Pata Ave. Turn right and continue to landfill entrance.

For your safety, please observe the following regulations in preparing for your visit to the HHWCC:

- A maximum of 15 gallons or 125 pounds may be transported per vehicle, per trip (Department of Transportation Requirement). ***It is illegal to exceed these limits.***
- Containers larger than five gallons will not be accepted.
- Containers will ***NOT*** be returned, except for oil containers, upon request.
- Materials should be in original containers (except motor oil, fuels and antifreeze).
- All containers must have lids, be sturdy, non-leaking, labeled and protected from breakage.
- Do not combine different types of waste.
- Do not mix oil-base paint with latex paint.
- Empty containers with lids removed can be discarded in trash.

When you arrive at the Center, you must remain in your vehicle while a technician removes the material for you.

Visit the ***Material Exchange Program*** where you can choose up to five items per week from a selection of partially used containers of household, yard and car-care products to take home ***FREE!***

Notice

Household Hazardous Waste Collection Centers are not permitted to accept waste from businesses, churches, schools, nonprofit organizations or government agencies.

Visit www.oclandfills.com for disposal information of these items.		

What is Household Hazardous Waste?

Leftover household products that contain corrosive, toxic, ignitable, or reactive ingredients are considered to be "household hazardous waste" or "HHW." Products, such as paints, cleaners, oils, batteries, and pesticides that contain potentially hazardous ingredients require special care when you dispose of them.

Improper disposal of household hazardous wastes can include pouring them down the drain, on the ground, into storm sewers, or in some cases putting them out with the trash. The dangers of such disposal methods might not be immediately obvious, but improper disposal of these wastes can pollute the environment and pose a threat to human health.

Additional HHW services may be available through your City. Contact your City's Recycling Coordinator to find out other ways to dispose of your household hazardous waste items in your community.

Note Regarding Disposal of Expired and Unused Medicine

Most medicines used in a home are not considered hazardous waste. They can be disposed of in the trash after being secured in durable packaging. Specific disposal instructions can be found at www.oclandfills.com. Click on Hazardous Waste.
