

The Orange County Transportation Authority invites you to the First District Leadership Forum

With the population exceeding 3 million people, it's a challenge to keep Orange County moving. OCTA is making every effort to keep up with the needs of community members and businesses by providing safer, faster and more efficient transportation solutions. As a community leader, OCTA is looking for your input on how to better serve the Orange County.

The discussion is part of a series to update community leaders on future transportation planning efforts and to continue communication between the community and OCTA.
