

# KATRINA FOLEY

## SUPERVISOR, SECOND DISTRICT

333 W. Santa Ana Blvd., Santa Ana, CA 92701 Phone: 714.834.3220

### Supervisor's Message:

Dear Neighbor:

*This week we continued to work on our top priorities related to economic and COVID-19 recovery as well as reducing homelessness, supporting our Veterans, developing sustainable plans for the future and increasing transparency and access to our local government.*

*I've enjoyed visiting with small businesses in our district to learn about their journey both before and during the pandemic. The common thread amongst those I've met is that they continue to struggle to pay the rent and hire sufficient staff to support their businesses. In an effort to support our small businesses, this week we worked with our Health Care Agency to develop a plan to credit fees for businesses requiring environmental health permits. Some of the benefiting businesses would be restaurants, bars, breweries, and other hospitality, as well as dry cleaners, tattoo or body art shops, and auto body repair shops. We would love to hear from you on this item. Please email us to let us know what you think: [Katrina.foley@ocgov.com](mailto:Katrina.foley@ocgov.com)*

*As the Supervisor for District 2, I'm honored to represent a district with so many amazing athletes competing and winning Gold in the Olympics. Congrats to all! Click here (<https://olympics.com/tokyo-2020/olympic-games/en/results/all-sports/medal-standings.htm>) to see the tally and to watch the games. #GOTEAMUSA*

*This week we saw a set back in our efforts to move beyond Covid19, and impacts on kids. We now have 110 kids testing positive for Covid with 8 hospitalized and 3 in ICU. None were vaccinated either due to age or parental choice. Additionally, our county hospitals are seeing the highest rate of cases since February and more than 90% of the patients are unvaccinated. In the last 24 hours our EMS have received a 90% increase in calls. According to our EMS Medical Director, "we have not witnessed increases in ambulance related matters of this magnitude since the worst days of the second surge in December 2020 and January 2021. Should this situation persist, it potentially places the health of those seeking ambulance transport at risk." See his full letter here. [LINK](#)*

*As a result, my office is pulling back on public crowded events, wearing our masks, and encouraging all to do the same as well as to get vaccinated.*

## DISTRICT 2 COMMUNITY UPDATES & PROGRAMS

**Calvin Alvarez**  
**Constituent Services Manager**  
**(Buena Park, Fountain Valley,**  
**La Palma, Los Alamitos) &**  
**Animal Services**

"Hello there! Our office continues to prioritize community involvement in a variety of ways! This week began with a ribbon cutting for [Taste of Beauty](#), a new phenomenal vegetarian restaurant in Fountain Valley. I enjoyed learning about this unique family business, and the opportunity to sample some of their most popular dishes. I highly recommend this restaurant! Each dish was delicious!

Our District Director and I also met with the [OC Animal Care Agency](#) to discuss and plan a virtual town hall to update the community on the many resources provided by the Animal Care Agency, as well as to give a tour and answer some of the public's questions. Stay tuned for more details, but we hope to host the event in October.

Supervisor Foley held her monthly Mayor's breakfast on Wednesday in the [City of Buena Park](#), where we had fruitful discussions about how cities can leverage the County contracts. County Procurement Manager, Maria Pirona joined us to share resources with the mayors and city managers present as well as to answer questions.

Supervisor Foley also attended the [Fountain Valley Chamber of Commerce's](#) 2021 Legislative Breakfast, where she was joined by Rep. Michelle Steel, [Senator Tom Umberg](#), Assemblywoman Janet Nguyen, Fountain Valley Mayor Vo, and many Fountain Valley City Council and School Board Members! Each office provided extremely informative updates on the various projects we are each working on to benefit our community. Thank you to everyone who helped make this event such a success! That's it for this week!

"This has been another very busy week for our office! One of Supervisor Foley's priorities is Workforce and Economic Development, which we focused on this week. Supervisor Foley and Huntington Beach [Mayor Kim Carr](#) embarked on a Huntington Beach Small Business Tour on Tuesday, visiting local small businesses to hear about how we can best support them. Our first stop was a tailor shop named Peggy's Perfect Fit. In business for more than 40 years, they hem pants for only \$5! While we were there we discussed how the pandemic has impacted their business which unfortunately led to difficulties in paying rent ([Link to Peggy's gofundme](#)). On our second stop of the tour we visited a family owned microbrewery in [Huntington Beach](#) named [Four Sons Brewing](#). We met with the owner, Duke, and discussed his family's journey, what's next for it, and the challenges and benefits of outdoor dining. The next stop on our tour was a Huntington Beach icon, [ZACKS HB](#). We talked with the owner, Mike, about how he gives back to the community by feeding veterans and financially supports local charitable causes, hires high school students, and helping out the city as the eyes and ears on the boardwalk. While downtown we stopped by the Visit Surf City office [Visit Huntington Beach!](#) On Wednesday, we attended the ribbon cutting for the new location of [Firehouse Subs](#) in Huntington Beach. The support Firehouse Subs gives to our first responders is incredible and we appreciate them in the community.

Please feel free to reach out to me about any events that are happening in Huntington Beach, Newport Beach or Seal beach at [Avery.Counts@OCGov.com](mailto:Avery.Counts@OCGov.com). Take a look at some of the events that are happening in my community below."

**Avery Counts**  
Constituents Services Manager  
(Huntington Beach, Newport Beach, Seal Beach)

#### HUNTINGTON BEACH— [Surf City Nights](#)

Live like a local and hit Surf City Nights, [downtown's](#) Tuesday night community street fair and [farmers market](#). From **5 pm - 9 pm**, local shops and eateries open their doors extra wide for the community on this night, offering sidewalk sales and exclusive deals.

#### NEWPORT BEACH— Parent & Me Painting: Koi Pond

Saturday, August 7 from 9:30-10:30am create your own nature journal and fill the first page with a koi fish! You will work together to observe the colors and qualities of this cool creature and use step-by-step watercolor techniques to create your own painting Grandparents and favorite adults welcome too—open to all ages! No experience necessary. [Click here](#) for more information.

*"One of Supervisor Foley's priorities that I am personally connected to is reducing Homelessness and creating more Housing. We joined the City of Huntington Beach at the [Be Well Orange Campus](#). We discussed the city's plan for a Homelessness Housing and Behavioral Health Campus at the site of their temporary Homeless Shelter. Our office is looking forward to partnering and supporting this effort.*

**Manuel Chavez**  
*Constituent Services Manager  
(Costa Mesa, Cypress,  
Huntington Beach (Oak View  
Neighborhood) Stanton &  
Rossmoor)*

*Another one of Supervisor Foley's top priorities is COVID-19 recovery and relief. Our office hosts weekly mobile vaccination clinics at Orange Coast College on Saturdays from 9:00am-12:00pm. Please reach out to me if you need help finding a location near you. Finally, this week we continued our efforts to research issues for Rossmoor related to a friendlier street sweeping program.*

#### Cypress—**Business Recovery Program**

Recently the Cypress City Council created a \$500,000 **Business Recovery Program** to promote business creation, recovery, and expansion. Bodyscape Aesthetics, owned by Angela Corey, was the first Cypress business to benefit from the program by getting their permit fees covered by the city during their remodel. The grand opening will be in September. Visit [www.cypressca.org/businessrecovery](http://www.cypressca.org/businessrecovery) for more info.

#### Stanton—**Register for Fall Classes**

Registration for Fall classes opens on Tuesday, August 10! Classes begin August 23 so be sure to register early to secure your spot! To register, visit [StantonCA.gov/classes](http://StantonCA.gov/classes) or register in person at City Hall, Stanton Central Park or call (714) 890-4270 for more info.

## TRANSPARENCY IN GOVERNANCE

### **Board of Supervisors 7/27/21 Meeting Recap**

**Supporting our Veterans:** I strongly supported allocating \$20 million to bring a veteran's cemetery to Orange County. As the sister of an Army veteran and granddaughter of veterans from the Navy and Army, I'm dedicated to moving forward on building a final resting place for our brave men and women in uniform. We also voted to support H.R. 2093, co-authored by Congresswoman Young Kim (CD-39), which requires Department of Veterans Affairs to make available its factsheets in each of the 10 most commonly spoken languages other than English, which includes Spanish, Korean, and Vietnamese. I want to personally thank my District 2 Veterans Working group members Nick Berardino, Bobby McDonald, Antoinette Balta, Andrea Bird-Steiner, Chase Wickersham, Steven Spriggs, and my appointee to the County of Orange's Veterans Advisory Council Alex Gonzalez for their leadership and guidance on issues impacting the veterans of our district.

**Addressing the Sexual Assault Kit Backlog:** I voted to support extending the contract and allocating resources to address the backlog of 151 sexual assault test kits in our County. I asked the District Attorney's office what else we can do to bring justice to potential victims of violence. District Attorney Spitzer responded that the 30 year backfill will be addressed by the end of the calendar year. We must ensure that justice is not delayed for victims of sexual assault.

**Protecting our Coastal Community:** Since the 1930s, the United States Army Corp of Engineers has been responsible for replenishing sand for the cities of [Newport Beach](#), Huntington Beach and [Seal Beach](#). The most recent replenishment was scheduled to occur in 2018, but due to lack of funding has been indefinitely delayed. On Tuesday, I brought forward a resolution that calls on the Army Corp of Engineers to finally get this project done. With new federal funding available we must move forward to protect one of our most important assets in Orange County. I want to thank our public works team and legislative office for helping prepare this resolution.

**Body Worn Cameras For Our Sheriffs:** We approved the purchase of body worn cameras for Orange County Sheriffs Deputies. I was proud to support this item that encourages accountability and integrity while protecting both our deputies and the public simultaneously.

**Supporting Environmental Legislation:** At my request, the County of Orange officially endorsed two environmental bills authored by [Assemblywoman Cottie Petrie-Norris](#). Assembly Bill 63 allows for the expansion of opportunities for marine life restoration projects that reduce the effects of climate change and human impacts like oil spills and over-fishing. Assembly Bill 72 cuts 'green tape' by streamlining the approval process for permits related to coastal adaptation projects.

**Appointee: Rick Foster**

**Commission, Committee, or Board: Development Process Review Board**

**Date: August 4<sup>th</sup>, 2021**

Update:

- 1) Transportation manual to be updated and sent to Board of Supervisors for approval. This manual has not been updated since 2012.
- 2) Reported that urban development is up nationwide and at record pace. OC planning is slow with mapping currently looking to correct that.
- 3) ADU's : planning conducting panel reviews to look at plans to offer to the public as pre-approved plans, making the plans less expensive for consumer/ homeowners. Currently 200 ADU's permits in the pipeline.
- 4) The Water Board is having conflicts with Canyon areas for ADU approvals.
- 5) 10,000 new dwellings to be added will most likely occur in an overlay of multifamily and commercial properties. Only 1 controversial site located in Newport Beach.; conflict on County and City both including site in overlay numbers. This is being looked at for resolution.
- 6) The traffic planning division is looking for any input on the traffic manual updates, so far none were presented and the project manager was out.

**Appointee: Jon Peat**

**Commission, Committee, or Board: OCTA, Special Needs Advisory Committee**

**Date: July 27<sup>th</sup>, 2021**

Update:

The Special Needs Advisory Committee of OCTA held its quarterly meeting on Tuesday, July 27. The board elected a new chair and vice chair. Associate Community Relations Specialist, Jared Hill, asked current Chair, Sue Lau, to complete her term as chair by conducting the current meeting. Mr. Hill will meet with the newly elected chair and vice chair, prior to the meeting scheduled for October 26, 2021, to provide training in the roles and responsibilities of the two positions and to prepare the agenda for that meeting.

The committee voted to change the name of the committee from the Special Needs Advisory Committee to the Accessible Transit Advisory Committee. It was felt that this name provided a greater sense of awareness connectivity to people who utilize the services provided by the Access program who may not have special needs, like seniors.

The committee received a series of reports and updates from staff on topics, including:

- Enhanced Mobility for Seniors and Disabled Grants Program Review
- Bus Restructuring Study Update
- OC Flex Microtransit Pilot Program Update
- 2021-2022 OCTA Budget Overview
- OC Bus Update
- OC Access Operations Update
- OC ACCESS Eligibility/Mobility Management Service Update

## SUSTAINABILITY & TRANSPORTATION

**Adam Ereth**  
Sustainability Policy Advisor

*Supervisor Foley's key priorities include planning for climate change, protecting our coastline, and developing new strategies for active transportation. This week we continued work on our sustainability and action plan for District 2.*

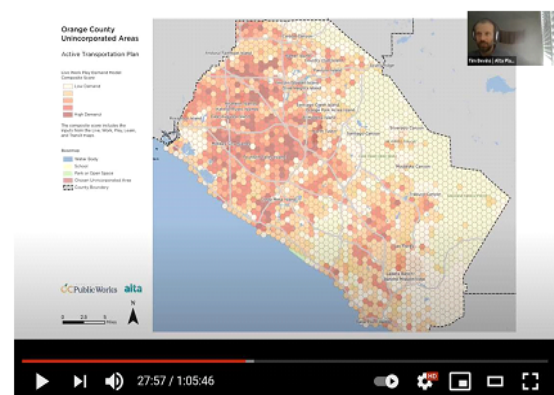

*The Supervisor and I also attended several meetings regarding reducing the noise and pollution at the airport. I attended several community aviation committee meetings, and began working with the supervisor on our draft Fly Friendly initiative. Stay tuned for details next week.*

*Finally, Supervisor Foley and I are both Active Transportation Plan ("ATP") advocates. This week we were briefed on the county ATP plan, opportunities and current flood channels and linkages for sidewalks. [Click here to give your input.](#)*

OC Public Works held a series of Virtual Community Workshops from July 21-July 29, 2021, to inform the public about the development of the County's Active Transportation Plan. The Plan will establish a vision and a roadmap for implementation of pedestrian and bicyclist facilities within the County's unincorporated communities and along County-owned flood control channels.

If you weren't able to login and attend a workshop, please watch the recorded workshop video and provide your feedback through the online survey and public input map at [walkbikeocpw.com](https://walkbikeocpw.com) before the public input period closes on **August 20, 2021**.

**Your input is vital to the development of the Active Transportation Plan!**

## PET OF THE WEEK

Meet this week's Pet of the Week, Willawendess!

This four-month-old kitten arrived at OC Animal Care as a tiny one-pound kitten. When she arrived, she was too small for adoption, so our clinic staff gave her a thorough medical examination and determined she would be a good candidate for our Foster Program. Willawendess' wonderful foster caretaker lavished her with much-needed attention and even helped her transition from a bottle to big kitten food.

After weeks of blossoming in foster care, this social sweetheart is now ready for adoption! Are you able to give this sweet foster kitten a forever home? If you'd like to meet Willawendess, please call 714-935-6848 to arrange a meeting!

**ANIMAL ID: A1718774**

## WORKFORCE & ECONOMIC DEVELOPMENT

*In addition to serving as our District 2 Chief of Staff, Debbie Lumpkin is also point for our Workforce, Economic Development and Business Recovery Initiative.*

*Last week, I shared 3 initiatives our office is undertaking to deliver more opportunities to the Second District. One aspect of initiative #3 focuses on partnering with existing chambers, that provide local, small and diverse business support services within Orange County District 2, and that have demonstrated success on delivering tangible financially benefiting contracting opportunities. The ONELA Initiative and the LA Area Regional Chamber are partnering with Supervisor Foley's office to bring this program, **ONELA to Orange County!** Our office is doing intentional outreach to Orange County Businesses in the Second District to advise them of this program and the opportunity before them. Our office is encouraging 10 local, small and/or diverse businesses in Orange County District 2 to apply for the program. Phase 1 is free to the first 10 Orange County Businesses in District 2 that apply and are accepted into the program. Currently there are 7 spaces available. The program provides mentorship, training and relationship-building opportunities through a regional partnership to advance a more equitable, sustainable and resilient economic recovery. The goal is to build a thriving region for all! Sign up for an all-inclusive contracting and business 3-phase virtual training program designed to help businesses capitalize on today's contracting opportunities.*

*In addition, in partnership with the Orange County Procurement Office we launched the County Procurement Alliance Initiative this past Wednesday. This is the beginning of a great partnership with the county and cities to leverage our buying power. Savings expected in 2023, with detailed plans to precede that.*

*The Supervisor will also host another Small Business Roundtable on August 26th focusing on how to do business with the county. During the meeting we will also discuss OC Public Works contracting opportunities.*

*If you would like to be involved and/or invited to any informational sessions regarding these initiatives, please e-mail me at [Debbie.Lumpkin@OCGov.com](mailto:Debbie.Lumpkin@OCGov.com).*

# OneLA comes to Orange County!

We are encouraging 10 small businesses in Orange County Second District to apply for the program. Phase I is **FREE** for the first 10 small businesses in OC second district to sign up (click on the **PROGRAM APPLICATION** below to register).

– When submitting application, under "How did you hear about this opportunity", type the following: **Supervisor Foley 2nd District Business**

## LOOKING TO WIN CONTRACTS?

THE ULTIMATE TRAINING PROGRAM FOR BUSINESSES  
SEEKING TO SUCCEED IN CONTRACTING

The OneLA Inclusive Procurement program focuses on creating a pathway to contract opportunities for local, small and diverse businesses. We provide mentorship, training and relationship-building opportunities through a regional partnership to advance a more equitable, sustainable and resilient economic recovery. We're building A Thriving Region for All!

Sign up for an all-inclusive contracting and business 3-phase training program designed to help businesses capitalize on today's contracting opportunities.
