## SUPERVISOR'S MESSAGE

Dear Neighbor,

With the oil spill recovery moving into the business claims, public agency reimbursement, and investigatory phase, we returned our focus to our District 2 priorities and focused on work in our district, and Covid recovery efforts.

So far, our office successfully distributed 52 arts grants to cities, schools, non profits, and local arts focused businesses totaling more than \$800,000. Stay tuned for our upcoming holiday concert in December. We also distributed \$50,000 in business recovery grants to restaurants. Our mobile vaccine clinics and vaccine incentive programs are increasing the number of residents vaccinated in District 2.

I loved joining Supervisor Don Wagner from the District 3 along with a community of arts supporters at the annual OC Arts awards. We live in a county that celebrates and supports the arts.

Another annual event we attended was the Newport Beach Independent Film Festival at Fashion Island in Newport Beach. The opening night film showcased the life of Paul Van Doren, the founder of Vans which is headquartered in Costa Mesa. Many pro skateboarders including Costa Mesa local Christian Hosoi and legend Tony Hawk showed up to support. What a treat! Actions sports and the arts!

This week we also continued distributing our nutrition assistance grants. We granted cities funds to help distribute meals to homebound residents, food insecure families, or for the purpose of making improvements to or building of community gardens in neighborhoods or schools to cover supplies, plantings of vegetables and fruits, and waivers of community garden plot stipends. Eligible expenses may also include planting of fruit trees like orange, lemon, lime or apples in low income, COVID-19 impacted neighborhoods and parks. So far, \$1.1 million in grant checks are headed to cities in the district, including Rossmoor Community Services District. See the list of allocations below:

<b>Place</b>	<b>Allocation (\$)</b>
Buena Park	70,000.00
Costa Mesa	200,000.00
Cypress	105,000.00
Fountain Valley	70,000.00
Huntington Beach	200,000.00
La Palma	70,000.00
Los Alamitos	70,000.00
Newport Beach	105,000.00
Rossmoor CDP	70,000.00
Seal Beach	70,000.00
Stanton	70,000.00
Total	1,100,000.00

## SUPERVISOR'S MESSAGE

We also are finalizing grant agreements with three Boys & Girls Club programs, Share Our Selves, Hoag Hospital Department of Community Health serving Newport Mesa and Oak View Community in Huntington Beach, local church programs, Helping Hands, New Beginnings, the Community Action Partnership and all of the community college pantries in District 2, including Coastline in Newport Beach serving Veterans. As we move into the holidays, we will continue to support programs to assist families in need. Please email [Katrina.Foley@ocgov.com](mailto:Katrina.Foley@ocgov.com) if you know of a program.

As you know, ending homelessness and reducing the impacts of John Wayne Airport are key priorities. I met with our performance auditors who inventoried all of the county programs and vendors providing servicing related to homelessness, substance abuse and mental health services. We learned about more than 300 contracts, 85 vendors and more than \$1.6 billion in funding allocations. Our next phase is to meet the county leadership to discuss results. Stay tuned.

I am honored to announce that my office is now accepting nominations for Orange County's Second District Veteran of the Year 2021. This is a great way to honor all the selfless contributions of veterans and service members to our community.

### **[CLICK HERE TO SUBMIT YOUR NOMINATION TODAY!](#)**

Nominees should reside in, or have significantly contributed to, Orange County's Second District; and are eligible if they have served in the US military on active duty or reserves for any length of time, in any location.

The nomination deadline is Friday, October 29, 2021 at 5:00pm.

The successful nominee will be highlighted in the Second District's newsletter and will be recognized at the Heroes Hall Annual Veterans Day Event at the Orange County Fairgrounds in Costa Mesa on November 11, 2021.

The Second District encompasses the cities of Costa Mesa, Cypress, Huntington Beach, La Palma, Los Alamitos, Newport Beach, Seal Beach, Stanton, the unincorporated area of Rossmoor, and portions of Buena Park and Fountain Valley.

As the sister of a medically disabled veteran, I know firsthand the struggles of transitioning from military to civilian life. The Second District encompasses the majority of the county's military bases, service organizations and American Legions and I have the honor of working each and every day to address key issues, including ongoing social and community challenges being faced by our veterans.

I look forward to hearing from you.

Sincerely,

## OC OIL SPILL UPDATE

Today I received the following updates from Unified Command. Of the 25,000 gallons of oil that contaminated our waters approximately 5,544 gallons of oil was recovered, 13.6 barrels of tar balls, and approximately 490,352 lbs of oily sand/debris. There is no visible oil in the waters along our coast. We will continue to see spots of tarballs, but we are monitoring and will clean up. Do not try to pick up any tarballs yourself. Report any you find to [tarballreports@wildlife.ca.gov](mailto:tarballreports@wildlife.ca.gov).

More than 1,800 personnel from around the country landed on our shores for a quick and efficient clean up. Our beaches are all open and more pristine every day.

**Fisheries remain closed** pending results of the Seafood Sampling Plan. The sampling and analysis plan for onshore and nearshore species is underway. Collection of mussels and nearshore fish samples is currently in progress. We should expect results over the next few weeks.

**I continue to work to support our local business community impacted, especially our fishing industry that continues to feel the impacts of no ability to fish and generate revenue.** To free up access to disaster loan funds for businesses, we need businesses to demonstrate that they have been impacted during the oil spill. Please take a quick moment to fill out the Economic Injury [Worksheet](#). Businesses can return them to [EOCLiaison@ocsheriff.gov](mailto:EOCLiaison@ocsheriff.gov).

I reached out this week to the responsible party to encourage them to bring in the resources and personnel to process claims more quickly. If you need help processing your claim, please reach out to our office. We are here to serve.

### Help for Residents & Businesses

- Claims Hotline: (866) 985-8366
- Boat Decontamination: (866) 985-8366 to schedule cleaning. Vessel owners should not attempt to clean boats themselves or in an area outside the official decontamination sites in Newport Beach, Huntington Beach and Long Beach Harbors.

### Wildlife and Marine Life Update

Sadly, 76 animals died due to oil spill impacts.

- 32 Birds captured and cleaned.
- 17 Birds released. Here's a video of 5 of the 10 birds that were released. [You can watch the video here.](#)

Other impacted mammals under investigation for oil related illness or death are a bottlenose dolphin and right whale dolphin. If you see an injured animal or bird, please call **1-877-UCD-OWCN (1-877-823-6926)**. Do not attempt to clean or capture yourself.

**Finally, the only way to prevent future oil spills is to prevent future drilling off our coast. I joined Academy Award winning actor and longtime environmental champion Jane Fonda, Assemblywoman Cottie Petrie-Norris, State Senator Dave Min, and other state and local representatives** to call for an end to all offshore oil drilling along our precious California coast. As I shared today, this is a moment of time for courageous bi-partisan action to protect our coast, our economy, our health and the health of our planet. We must expedite the decommissioning and capping of these offshore rigs and pipelines, we must also prioritize concern for the workers who cannot be "stranded assets" during the transition.

We must require the oil companies to retain their workers for the decommissioning effort and then we must retrain and transition our workers to comparable pay clean energy jobs to protect their health, the environment, and our future.

[You can watch the event here](#)

I look forward to seeing you all enjoying our beaches soon!

Official updates from Unified Command can be found at [www.socalspillresponse.com](http://www.socalspillresponse.com).

If you haven't followed us on social media yet, I invite you to follow me on [Twitter](#), [Instagram](#) and [Facebook](#). Please also like and subscribe to my [YouTube page](#).

## OC OIL SPILL UPDATE

Yesterday, Governor Newsom took action to end new oil and gas well drilling within 3,200 feet of homes and schools. I strongly support this action. Living next to oil production is connected to higher rates of asthma and respiratory illnesses, low birth weights and adverse birth outcomes, heart disease, and more. Our communities deserve better. The oil spill is a reminder about the urgent need to accelerate California's transition to clean energy. I am committed to supporting efforts to create high quality, green energy jobs right here in Orange County as we transition away from fossil fuels, we must protect the workers and never leave them stranded. For more information:

<https://www.gov.ca.gov/2021/10/21/california-moves-to-prevent-new-oil-drilling-near-communities-expand-health-protections-2/>

## COVID-19 & VARIANT UPDATES

Today there are reports of 104 Daily Positive Cases and 12 deaths. Over 90% of COVID-19 hospitalizations continue to be among people who are unvaccinated.

### **Booster Shot Update:**

On October 20, the FDA took action to expand the emergency use of a booster dose of the Moderna and J&J vaccines in eligible populations and to allow for the use of each of the available vaccines, Comirnaty (Pfizer), Moderna, and J&J, as a heterologous (or "mix and match") booster dose in eligible individuals who have completed their primary vaccination with a different available COVID-19 vaccine. Individuals who are immunocompromised and received the Pfizer or Moderna mRNA vaccines for their initial vaccine series are encouraged to schedule an appointment for their third dose of the same vaccine that they initially received. Immunocompromised individuals can receive their third dose at least 28 days after receiving the second dose of Pfizer or Moderna. Check out the press release (below) from OC Health Care Agency for information.

### **Waiting for Guidance on Vaccination Eligibility for Children Ages 5-11:**

The OC Health Care Agency is still waiting for guidance on vaccine eligibility for children ages 5-11. The FDA plans to meet on October 26 to discuss data on the Pfizer vaccine for children ages 5-11. We will follow the State's recommendations and guidance as changes in vaccine eligibility are authorized.

Please read the Press Release from OC Health Care Agency on the next page for more information.

# PRESS RELEASE

## OC Health Care Agency Monitors Status of Moderna and Janssen Boosters, State Continues Universal Indoor Masking Requirements in K-12 Schools

(Santa Ana, CA) — To prepare for the next phase of vaccination distribution, the OC Health Care Agency continues to monitor activity by the U.S. Food and Drug Administration (FDA) and the Centers for Disease Control and Prevention’s (CDC) Advisory Committee on Immunization Practices regarding the administration of booster shots of the Moderna and Janssen (Johnson & Johnson, or J&J) COVID-19 vaccines.

On October 20, the FDA took action to expand the emergency use of a booster dose of the Moderna and J&J vaccines in eligible populations and to allow for the use of each of the available vaccines, Comirnaty (Pfizer), Moderna, and J&J, as a heterologous (or “mix and match”) booster dose in eligible individuals who have completed their primary vaccination with a different available COVID-19 vaccine.

“We are still monitoring the recommendation status of Moderna and J&J boosters, as well as on the ability to mix and match vaccines,” says **Dr. Regina Chinsio-Kwong**, Deputy County Health Officer. “We expect COVID-19 vaccine providers to begin offering booster shots to eligible individuals once official statements are made by the Western States Scientific Safety Review Workgroup and the California Department of Public Health in support of the FDA’s and CDC’s recommendations.” As the HCA continues delivering vaccines to the most vulnerable population and hard-to-reach communities in Orange County, individuals who are not yet vaccinated are encouraged to visit any local pharmacy or healthcare provider, or go online to [Vaccines.gov](https://www.vaccines.gov), [MyTurn.ca.gov](https://myturn.ca.gov) or [Othena.com](https://Othena.com), to schedule a vaccination appointment. **Over 90% of COVID-19 hospitalizations continue to be among people who are unvaccinated.**

Additionally, individuals who are immunocompromised and received the Comirnaty or Moderna mRNA vaccines for their initial vaccine series are encouraged to schedule an appointment for their third dose of the same vaccine that they initially received. For frequently asked questions about booster doses or third doses for the immunocompromised, please visit [COVIDVaccineFacts.com](https://www.COVIDVaccineFacts.com) and click on “Vaccine FAQs.”

### State Provides Update on COVID-19 Guidance for Schools

On October 20, California Health and Human Services Agency Secretary Dr. Mark Ghaly and California Department of Public Health Director and State Public Health Officer Dr. Tomás Aragón issued a joint statement reaffirming the State’s approach to preventing COVID-19 in schools and protecting students’ health and continuing universal indoor masking requirements in K-12 settings. According to the statement, more than 25 counties continue to experience high transmission even though infection rates are decreasing, hospital capacity remains impacted in some regions, and approximately 80 Californians continue to die daily on average. Recent studies from the 2021-2022 school year confirm that schools with universal masking requirements are less likely to experience outbreaks, and that areas of the United States without school mask mandates experienced larger increases in pediatric COVID-19 case rates after the school year began, compared to areas with school mask requirements. Consistent with the guidance, the State will continue to assess conditions on an ongoing basis to determine whether to update mask requirements or recommendations.

“Parents can visit the State’s Safe Schools for All Hub at [schools.covid19.ca.gov](https://schools.covid19.ca.gov) to find key resources and information related to COVID-19 and schools,” says **Dr. Clayton Chau**, County Health Officer. “They can find a parent portal as well as answers to frequently asked questions about K-12 school guidance.”

### Status of COVID-19 Cases in Orange County

Between October 15 and October 21, the seven-day average COVID-19 case rate dropped from 7.5 to 6.5 per 100,000 people, with the average number of daily COVID-19 cases declining from 242 to 209. The positivity rate also decreased from 2.6 to 2.5 percent and hospitalizations from 210 to 200 per day. ICU admissions slightly increased from 39 to 42 per day. Orange County COVID-19 case count and testing figures are updated daily, Monday through Friday, at [occovid19.ochealthinfo.com/coronavirus-in-oc](https://occovid19.ochealthinfo.com/coronavirus-in-oc).

Dear Community Members,

OC Public Works/OC Development Services invites the community to continue to participate in the planning process to update the County of Orange's Housing Element for the 6th cycle (2021-2029), which serves as a policy guide to address the comprehensive housing needs of the unincorporated areas within Orange County.

We will be hosting a Planning Commission Study Session at **1:30pm on Wednesday, October 27, 2021**. The Study Session will be held at the **Hall of Administration Building (333 W. Santa Ana Blvd, Santa Ana, CA 92702)** to discuss updates, public comments and next steps on the Housing Element Update. Your involvement in this process will help to ensure that the Housing Element is developed collaboratively by taking into account the various perspectives. There will be opportunities to ask questions, share ideas, and provide input.

We would greatly appreciate your expertise and perspective on the goals, policies, and programs set forth in the County's Housing Element Update, and look forward to hearing from you. If there are any questions regarding the workshop or the Housing Element Update, please contact me at (714) 667-8815 and/or [Joanna.Chang@ocpw.ocgov.com](mailto:Joanna.Chang@ocpw.ocgov.com).

## TRANSPARENCY IN GOVERNANCE

### Commissioner Update

**Appointee: Sue Dvorak—Orange County Airport Commission**

**Date: Wednesday, October 20, 2021**

The Airport Commissioners voted unanimously to approve Amendment One with JBT AeroTech Corporation for Passenger Boarding Bridges and Baggage Handling System Maintenance Services. This one-year amendment with JBT in the amount of \$4,273,116 will extend their contract through January 13, 2023.

In a split vote, the Airport Commissioners voted in favor of approving the John Wayne Airport capacity allocations for the 2022 plan year. This item includes several component parts lumped together into one single vote. The item authorizes the Airport Director to take certain allocation-related actions during the 2022 Plan Year in accordance with the Access Plan and includes the following:

- Class A and E Average Daily Departure (ADD) and Seat Capacity allocations
- Withdraw Seat Capacity during 2022 if necessary to comply with the million annual passenger limit
- Allocate or reallocate any additional regular or supplemental ADDs and associated seat capacity
- Allocate additional supplemental seat capacity to qualified commercial air carriers if needed
- Allocate up to 30 Remain Overnight positions for commercial air carriers
- Allocate passenger capacity and Remain Overnight positions and allocate any additional supplemental passenger capacity and Remain Overnight positions to qualified commuter carriers
- Find that the County has exclusive discretion to require mandatory withdrawals of operational capacity in any form if deemed appropriate

**Appointee: Nita Tewari PhD – OC Behavioral Health Advisory Board Mental Health System of Care (MHSOC) and Substance Use Disorder System of Care (SUDSOC) Committee Meeting**

**Date: Wednesday, October 13, 2021**

- Annette Murgditchian spoke on the Be Well Mental Health Crisis Unit
- Supervisor Foley will be discussing plans to increase awareness of the Fentanyl crisis with the OC Health Care Agency
- In the System of Care Meeting, the MHSOC and SUDSOC met in two virtual breakout rooms to discuss topics relevant to mental health.
  - The SUDSOC discussed Health and Equity, Opioid and Methamphetamine overdoses, SUD Long-term Recovery and Increased Marketing.
  - The MHSOC discussed Health and Equity, Suicide Prevention and Eliminating Stigma/Community Outreach, Student Mental Health and Increased Marketing.
- There was a request for attendees to join the BHAB Data Notebook committee focusing on the mental health services being provided to OC.
- The next BHAB General Meeting will be via Zoom on October 27, 2021 from 9-10:45am.

## DISTRICT 2 COMMITTEE APPOINTEES

Below, you will find all of the commission and board appointees for District 2. If you have any questions, comments or requests related to these departments please e-mail [D2Commissioners@gmail.com](mailto:D2Commissioners@gmail.com).

**Susan Dvorak, Newport Beach** (Orange County Airport Commission)  
**Alexander Gonzalez, Costa Mesa** (Orange County Veterans Advisory Council)

**Daniel Morgan** (Orange County Planning Commission)

## DISTRICT 2 COMMUNITY UPDATES

**Manuel Chavez**  
*Constituent Services Manager*  
*Costa Mesa, Cypress,*  
*Huntington Beach (Oak View*  
*Neighborhood), Stanton &*  
*Rossmoor*

Hello District Two,

On Monday, The Wetlands and Wildlife Care Center released five pelicans that were captured due to the OC Oil Spill Incident. The release took place on the north side of the Huntington Beach Pier. Our office is overjoyed with the successful release. It's great that we have started the recovery process and are releasing the animals back into their natural habitat. On Tuesday, Cypress College had the Grand Opening for their new Science, Engineering and Math Building as well as their Veterans Resource Center. These facilities were funded entirely by Measure J, a \$574 Million bond passed by the voters of the North Orange County Community College District to renovate and build new facilities at Cypress College. Our office is pleased that Cypress College is giving special attention to our veterans, which they deserve, as they transition into civilian life. On Thursday, Supervisor Foley and the Rossmoor Community Services District ("RCS D") held a Community Forum for The Orange County Waste and Recycling Department and CR&R Environmental Services regarding SB-1383. The presentation went over the three-bin system that will provide waste collection for recyclables, organic and regular trash services.

Finally, the RCS D is teaming up with CR&R to host a Rossmoor Neighborhood Clean Up Event. The event will be from 9am-12pm on Saturday, November 13<sup>th</sup>, 2021 at Rush Park. They will be accepting Furniture, Large Appliances and E-Waste like tv's, laptops and printers. At this event, they will not be accepting car batteries, building materials, hazardous waste or environmental waste.

## DISTRICT 2 COMMUNITY UPDATES

Greetings District Two,

This week I attended a virtual BizCon hosted by the Asian Business Association of Orange County (ABAOC), where Supervisor Foley spoke alongside other elected officials including State Senator Dave Min and Garden Grove Mayor Steve Jones. It was my first time attending a virtual conference like this one, and I found it to be insightful, educational and also entertaining. I finished the week by joining the Wetlands & Wildlife Care Center on Thursday morning for the release of eleven Canadian Geese that were indirectly impacted by the recent oil spill. They were collected out of caution because their natural habitat was not safe. Now that it has been cleaned, it was safe for them to go back to their home, Huntington Beach's newly cleaned Brookhurst Marsh! I can't wait to see more animals return home as a result of our rescue partners' incredible efforts. [You can watch the video here.](#)

## ***Update on Newport Canal Project***

On Monday, October 25, 2021, OCPW will begin clearing sand from the outlet of the Santa Ana River, located between the cities of Huntington Beach and Newport Beach, just west of Pacific Coast Highway.

Approximately 100,000 cubic yards of accumulated sand will be removed from the outlet, which includes 70,000 cubic yards as allowed through OCPW's regulatory permits for flood control maintenance and another approximately 30,000 cubic yards associated with removal of the sand berm constructed as protection from the oil spill. Removing this excess sand will minimize potential flood risks during rain events and help maintain tidal flow to the river and adjacent Newport Shores marsh area. The sand removed from the river outlet will be used to replenish City beach areas between 52<sup>nd</sup> Street and 40<sup>th</sup> Street and areas adjacent to Balboa Pier. The removed sand will be visually inspected and any oily sand/debris and tar balls will be removed and disposed of prior to placement on the beach.

There will be large construction equipment working in the area from 7:00 am to 6:30 pm, Monday through Saturday, through early March 2022. Please stay safe, keep a safe distance from the work area, and observe all caution signs and barriers.

OCPW typically performs sand clearing at the Santa Ana River outlet once prior to the rainy season and then as needed throughout the year. This project was originally scheduled for September 2021, but was postponed due to delays with renewal of the County's lease agreement with the State Lands Commission, who owns the land where the sand removal is taking place. OCPW requested emergency approval from State Lands Commission to clear the sand from the river outlet. Thanks to support from the community and Supervisor Foley's office, State Lands Commission granted OCPW permission to cut a pilot channel approximately 30 to 50 feet wide (the river mouth is approximately 450 to 500 feet wide) until renewal of the lease agreement on October 21, 2021.

OCPW started work to cut the pilot channel on October 1, 2021, but on the evening of the next day was asked to berm up the river outlet with sand to protect the river and marsh from the oil spill. The sand berm remained in place for about one week before dropping oxygen levels in the river and marsh became critical, potentially impacting wildlife. On October 9, 2021, OCPW re-cut the pilot channel and installed water pumps at various locations within the marsh to help restore oxygen levels. The pumps were removed after oxygen levels stabilized and but OCPW continued to monitor oxygen levels and maintain the pilot channel as an interim measure until the sand clearing project could begin.

Best regards,  
Edward Frondoso  
Deputy Director, Construction/Operations & Maintenance  
OC Public Works

## Orange County Board of Supervisors, Second District – Constituent Services Manager

### **Job Description:**

The Office of Supervisor Katrina Foley (District 2) seeks an experienced Constituent Services Manager for her office. The successful candidate will be responsible for assisting with bridging the relationship between the cities, school and special districts, as well as state and federal delegation offices, chambers of commerce and community organizations, and the Supervisor's office. The ideal candidate is a self-starter with excellent oral communication and relationship building skills. The individual should have established relationships in the communities they serve as well as an understanding and passion for women policy issues and senior citizen advocacy. The successful candidate must have the ability to deliver error-free, high quality work under tight deadlines.

### **DAY-TO-DAY RESPONSIBILITIES INCLUDE:**

- Working with cities, businesses, and residents to help address concerns and opportunities
- Staffing the Supervisor at events and setting up community pop-ups, tables, tents to represent the Second District effectively
- Providing updates at city council meetings, chamber meetings, school and special district meetings, and internal staff meetings regarding progress on the Supervisor's 6 key priorities; and conveying the needs of the District back to the community.
- Preparing briefing memos, scheduling request forms, error-free certificates and completing special projects as assigned
- Maintaining team tracking spreadsheets and fielding constituent calls in the office
- Assisting with developing content for the newsletter, social media, and website
- Determining creative ways to expand the Supervisor's coverage and services to the Second District

### **QUALIFICATIONS**

- Orange County ties, specifically in Huntington Beach and Newport Beach is a requirement
- BA in a related field (e.g., Political Science, Public Policy, English, Communications, or a related field), or equivalent work experience
- Must have at least three to five years of experience working in politics and three to five years of community outreach experience
- Should have a background in managing and organizing volunteers and resolving constituent concerns in a timely manner.
- Should have a demonstrated track record of building successful relationships, partnerships, and community engagement
- Must have experience with and a passion for women's policy issues and senior citizen advocacy

Qualified candidates should submit a cover letter, resume, and professional references **to Nick Anas at [Nick.Anas@ocgov.com](mailto:Nick.Anas@ocgov.com)** with the title "Constituent Services Manager" in the subject line. No calls or walk-ins.

# APPLY TODAY FOR AN INTERNSHIP WITH THE OFFICE OF SUPERVISOR KATRINA FOLEY

*Interns have a unique opportunity to witness County government in action and make a difference!*

*Internships are currently open to college students and recent graduates, and applicants with ties to the Second District are given preference.*

**To apply for an internship with our office, please email:**

1. A cover letter
2. Resume
3. Two references

**To: [Katrina.Foley@ocgov.com](mailto:Katrina.Foley@ocgov.com) with the subject line: INTERNSHIP: DESIRED START PERIOD (e.g. INTERNSHIP: FALL 2021).**

Qualified candidates should be detail-orientated and organized, able to multitask, and possess strong writing skills. A background or interest in government, community engagement and policy is preferred.

Applications are accepted on a rolling basis. If you have any additional questions, please email [Katrina.Foley@ocgov.com](mailto:Katrina.Foley@ocgov.com) or call (714) 834-3220.

**KATRINA FOLEY**  
SUPERVISOR, SECOND DISTRICT

**APPLY  
NOW!**

## PET OF THE WEEK

Eleven-week-old Nova came into OC Animal Care with a traumatic injury to her leg. Her left rear leg had been partially degloved and amputated. To say the least she was in an incredible amount of pain.

Our clinic staff worked quickly to get her pain under control and into surgery to save tissue and muscle surrounding the wound. This resulted in one of our smallest kitten “tripods” yet! Weighing in at just under a pound, little Nova was lucky to have made it into the shelter and under the care of our veterinarians.

Once weaned from her pain medication, Nova was cleared to go to foster care. Her wonderful foster mom did not care that she only had 3 limbs, she loved her with her whole heart. Her mom says she loves dogs and is a total purr machine! Does Nova sound like the purrfect fit for you? If so, please call (714) 935-6848 or visit <https://ocpetinfo.com> to set up an adoption meeting with him!

# PRESS RELEASE

**For Immediate Release:**

**Contact:** HCA Communications  
[HCAComm@ochca.com](mailto:HCAComm@ochca.com)  
(714) 834-2178

## **DROP-OFF UNWANTED MEDICATIONS AT A SITE NEAR YOU ON NATIONAL TAKE BACK DAY**

(Santa Ana, CA) - The OC Health Care Agency (HCA) encourages community members to drop-off expired, unused or unwanted prescription medications on “National Take Back Day” Saturday, October 23 from 10 a.m. to 2 p.m. at numerous locations throughout Orange County.

“This is a great opportunity for individuals to clean out their medicine cabinets while helping to safeguard the health and well-being of those they love,” said Dr. Jeffrey Nagel, Deputy Agency Director of Behavioral Health Services. “One of the main sources of drug misuse is prescription pain medication taken from a friend or family member. The opioid crisis is nationwide and participating in events like National Take Back Day makes an impact.”

This initiative addresses a vital public safety and public health issue. Medicines that are stored in home medicine cabinets are highly susceptible to misuse. Rates of prescription drug misuse in the United States are alarmingly high, as are the number of accidental poisonings and overdoses due to these drugs.

The Take Back Day event helps to draw attention to this ongoing issue and reminds us how we together can keep our communities safe. To locate a Take Back drop site near you, please visit the Drug Enforcement Administration’s website at [www.DEATakeback.com](http://www.DEATakeback.com) or call 1 (800) 882-9539. Drop-off service is free and anonymous.

To learn more about drug misuse prevention efforts in Orange County or to find local safe disposal locations available year-round, visit: [www.ochalthinfo.com/adept](http://www.ochalthinfo.com/adept).

To help keep everyone safe, Take Back drop-off sites will follow local COVID-19 guidelines and regulations.

###

# Community Reminder: Safety Standards for the Holiday Decorations in Public Areas

## Permits Needed for Holiday Displays over Public Areas in Unincorporated Orange County

### WHAT: Permit Needs

With public safety as the top priority, residents in unincorporated areas of Orange County are reminded that they must obtain an "encroachment" permit if they plan to place holiday displays, including strings of lights, over public rights-of-way such as public streets and sidewalks.

Please note that electrical wiring, including extension cords, are not allowed across the surface of public sidewalks or roads and are not permitted under an encroachment permit.

#### What you will need for an encroachment permit:

1. **Encroachment Permit Application:** To be completed by the home owner or Home Owner Association (HOA) as the applicant (if HOA, an authorized officer of the HOA Board must sign the application on behalf of the Board.)
2. **Site Plan:** Submit a diagram showing the location of light strands, decorations and other elements being placed in/over County right-of-way area. List addresses of all properties proposed for the specific display.
3. **Letter of Authorization:** To be completed and notarized by the person who will be representing the HOA and signing for the actual permit. **Note:** This is not required on single permits for individual properties where the homeowner is both the applicant and is signing for the permit.
4. **Credit Card Authorization:** The combined permit fees are \$355 for individual properties or single street (\$325 *Time and Materials deposit plus \$30 issuance fee*) or \$1,030 for multiple streets within HOA (\$1,000 *Time and Materials deposit plus \$30 issuance fee*). An additional deposit of \$1,000 is required and is refundable upon satisfactory closure of the permit.
5. **Insurance Information:** Proof of adequate liability insurance required with encroachment permit applications.
6. **Contractor Guidelines:** Outlines requirements and limitations for placing holiday decorations in the County right-of-way area. It is important that participants follow these guidelines to maintain safety.

#### Questions about the permit process? Contact us at:

Phone: (714) 667-8888  
E-mail: [encroachment@ocpw.ocgov.com](mailto:encroachment@ocpw.ocgov.com)  
Website: <https://ocds.ocpublicworks.com/>

### WHY: Enhancing Safety

The permit establishes guidelines to ensure public safety and code compliance for homeowner associations (HOAs) and individuals interested in installing holiday displays over public roads, sidewalks, parkways and public light poles. The purpose of the required permit is to ensure that displays over public rights-of-way are safely positioned, provide adequate clearance for emergency and service vehicles, and are installed with proper electrical connections. Obtaining an encroachment permit will ensure decorations are displayed in a safe and secure manner for an environment that protects families, property, vehicles and service providers.

**A permit is not required for displays on private property.**

### HOW: Providing You Options

Any individual can apply for an encroachment permit. Apply for a permit, track permit status or access a variety of other County services at any time:

[myOCeServices](https://myOCeServices.ocgov.com)  
[myOCeServices.ocgov.com](https://myOCeServices.ocgov.com)

To help minimize permit fees and meet insurance requirements, two other options for obtaining permits may be of interest:

- a. HOAs may apply for one permit for the entire community, or;
- b. Residents may hire a contractor to obtain one permit on behalf of multiple residents and to also perform the installation of decorations

# OC BUS YOUTH RIDE FREE PROMOTION

## AT A GLANCE

### AREA OF BENEFIT:

All 34 Orange County cities and the County of Orange

### PROGRAM PARTICIPANTS:

Orange County Youth (Ages 6 – 18)

### FUNDING:

State of California Low Carbon Transit Operations Program (LCTOP)

### WEBSITE:

[OCbus.com/YouthRideFree](https://ocbus.com/YouthRideFree)

### CONTACT:

Ryan Maloney  
[rmaloney@octa.net](mailto:rmaloney@octa.net)  
(714) 560-5451

Fact sheet as of 7/16/21

## OVERVIEW

The Youth Ride Free program is a promotional pass that allows youth 18 and under to ride all OC Bus fixed-route buses for free. The six-month program will start in September 2021 and passes will be valid through February 28, 2022.

Passes and marketing information will be distributed in partnership with Orange County schools, with parents able to request a pass from participating schools, the OCTA store, or at [OCbus.com/YouthRideFree](https://ocbus.com/YouthRideFree).

## BENEFITS

- Offers a promotional free fare for youth 18 and under, providing a reliable transportation option for education, work, and leisure.
- Promotional free pass valid on any OC Bus fixed-route service, including weekends and holidays.
- Supports the economic recovery of Orange County and helps mitigate the financial impacts from the COVID-19 pandemic on low income and diverse populations.
- Allows youth from all over Orange County to equitably re-engage with education and other opportunities following pandemic restrictions.
- Helps introduce new youth riders to public transit, encouraging long term usage.
- Improves mobility options, reduce congestion, and reduce greenhouse gas emissions.
- Provides rider feedback and information for future youth program development.

## FUNDING

This Youth Free Fare promotion is grant-funded by the Low Carbon Transit Operations Program through California Climate Investments, a statewide initiative that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment – particularly in disadvantaged communities.

## HIGHLIGHTS

- “Youth Ride Free Fare” pass will be a free magnetic stripe OC Bus pass, good for six months.
- A multilingual “parental request form” will be available through schools, the OCTA store, and at [OCbus.com/YouthRideFree](https://ocbus.com/YouthRideFree).
