On Sunday, November 15th 2009 officers from the Police Department's Special Weapons and Tactics Team (SWAT) and other officers from the North County SWAT Team and Orange County Fire Authority will be conducting a training exercise at Yorba Linda High School. We will be incorporating the use of blank-firing weapons to simulate the sounds of gun fire as well noise-flash diversionary devices. There will also be approximately 60-80 high school students involved in the training exercise, so sounds of screaming may be heard. Precautions have been put in place to ensure the safety of all involved as well as nearby residents.

The police department will be posting signs in the immediate area to notify the public of the training exercise.

Please contact the Watch Commander at (714) 990-7624 on the day of the exercise with any questions or concerns.
