- WHY:** Fresh air, exercise, beautiful scenery, knowledge and FUN!

JOIN US FOR A SPECIAL GUIDED HIKE SATURDAY, NOVEMBER 19

Hosted by Orange County Transportation Authority (OCTA), this interpretive excursion will take place on the 400-acre Ferber Ranch Wilderness Preserve, which contains vital wildlife corridors. OCTA's acquisition of the property allows this core segment of the Trabuco Canyon area to be permanently protected and ensures the preservation of high quality habitat and mobility for wildlife into the Cleveland National Forest.

Space is limited. Please visit www.preservingourlegacy.org to learn more details about the individual hikes and equestrian rides or contact Marissa Espino at mespino@octa.net or **714.560.5607**.

MEASURE M2: PRESERVING OUR LEGACY

Measure M2 is Orange County's half-cent sales tax for transportation improvements. The voluntary acquisition of open space properties and restoring of natural habitat enables OCTA to receive environmental approvals for the 13 Measure M2 freeway improvement projects. As a result, the freeway projects will progress quicker and more efficiently, and result in more comprehensive environmental mitigation. **For more information, visit www.octa.net/environmental**

* Weather permitting
