

OC Animal Care's **Pet of the Week**

Meet Turbo!

This week's featured Pet of the Week is "Turbo" a three year old, neutered male, Cavalier Spaniel and Corgi Mix, ID# A1085214. Unlike his name, "Turbo" is a very sweet and mellow dog, and would be a wonderful match for a senior or someone looking for a loving companion!

He's crate and potty trained and will know all his basic obedience commands by the time he completes our special training program.

"Turbo" is very friendly with people and other dogs but he's also a great watch dog and will let you know when strangers approach your home. He is currently available to meet prospective adopters, and will be ready for his "fur-ever" home the middle of June. For more information on "Turbo" please email The PAW Program at acfl09@yahoo.com or call (714) 505- 9235.

The PAW Program is a cooperative partnership between OC Animal Care and youth correctional facilities. The goal of this partnership is to improve the lives of at-risk youth and shelter dogs. The dogs in this program are both potty and crate trained and have learned their basic manners and obedience skills from a select group of juvenile offenders. In return, the dogs teach the at-risk youth responsibility, respect and the rewards of unconditional love. All the dogs are vaccinated, spayed or neutered and microchipped prior to adoption. For more information on this program, please email The PAW Program at acfl09@yahoo.com or call (714) 505-9235.
