OC Parks Children's Programs

OC Parks has many programs for children. These ranger and staff led programs focus on teaching youth about the natural world around them in some of the most beautiful settings in Orange County. They are affordable and perfect for any number of participants from families to larger youth groups. Many of our programs are tailored to specific ages and grade levels. For more information and to plan a program just for you, please contact the following resources. You can also check out all of the activities listed at www.ocparks.com.
