

# Understanding Bicycle Transportation

**Friday, April 27 · Orange County Transportation Authority, 550 S. Main St., Orange CA**

This is an opportunity for Planners, Engineers, Landscape Architects and others involved in transportation planning, project development, project management, programming, landscape architecture, construction, local assistance, traffic operations, encroachment permits and maintenance to increase their knowledge and skills in the following areas:

1. California and Federal goals, policies, regulations, and laws that address bicycle transportation.
2. The role of the bicycle mode in the overall transportation system.
3. The rights and responsibilities of bicyclists under the California Vehicle Code;
4. Bicyclist needs and expectations as users of transportation facilities;
5. Safety, mobility and access issues; bicyclist travel behaviors that maximize safety and mobility;
6. Maintaining bicyclist safety, mobility and access through work zones.
7. Applying transportation planning, traffic operations, and design “best practices” to maximize bicyclist safety and mobility, and support California's “Complete Streets” policy.

## LEARNING OBJECTIVE

By the end of the workshop, attendees are able to more fully understand and apply guidance found in the Highway Design Manual, Project Development Procedures Manual, California Manual on Uniform Traffic Control Devices, and better implement your city's “Complete Streets” policy.

To ensure opportunity to provide input during all phases of the workshop, participants should arrive **by 8:00 a.m.** and stay for the entire workshop. Arriving at 8:00 a.m. will give you plenty of time to check-in for the workshop and be in your seat ready for the start of the workshop at 8:15 a.m. Participants on flex work schedules or in carpools may need to make alternative commuting arrangements in order to accommodate the start and end times of the workshop.

## SPECIAL REGISTRATION INSTRUCTIONS, Caltrans Staff Only

Do not look for this workshop session in LMS. Your attendance will be recorded in LMS upon workshop completion. Do get your supervisor's permission before registering at this website for the workshop.

## REGISTRATION OPEN
