Aging as Art. How do you perceive aging today? Is it the thriving lifestyle of seniors taking on new careers, volunteering or being physically active? Or, is it the traditional notion of the harsher realities of aging? The Council on Aging Orange County (COAOC) invites all amateur and professional photographers 18 years of age or older residing in Southern California Zip Codes 90000-93599 to use their imagination, share their visions and unique interpretations of the aging experience.

COAOC's, ***Aging as Art***, Photography Show will be juried by a panel of distinguished judges. The selected entries will be displayed March 25-27, 2014 at one of California's finest museums, the Bowers Museum in Santa Ana. The ***Aging as Art*** Photography Show will depict the diversity, dignity and challenges of what living a long life means today.
