My name is Beauty! I came into the shelter and was severely underweight and nursing 5 kittens! A staff member took me and my kittens home to foster. I was a good Mama and my babies have found new homes and now its my turn! I'm healthy and already spayed which means I can go home today! My foster family says that I'm very sweet and friendly and I LOVE to cuddle! Please help me find the *purrfect* forever home today!
