

# Ebola: Focus on the Facts

Dr. Eric Handler, MD, MPH, FAAP  
Orange County Public Health Officer

Health Care Agency  
October 28, 2014  
Item #23

# Have You...

- Traveled to West African countries of Guinea, Liberia and/or Sierra Leone
- Had direct unprotected contact with body fluids of a confirmed Ebola patient
- If not, your risk of contracting Ebola is very low

# Orange County Update

- Risk of contracting Ebola in the U.S. and Orange County is extremely low
- No suspect or confirmed cases in Orange County
- County working closely with local, state and federal partners on preparedness plans

# On the Web

OC Health Care Agency  
[ochealthinfo.com/ebola](http://ochealthinfo.com/ebola)

The screenshot shows the OC Public Health website page for Ebola Virus Disease. The page includes a navigation bar with links for HCA HOME, PUBLIC HEALTH SERVICES, HEALTH INFORMATION, PROVIDER RESOURCES, and CONTACT US. The main content area is titled "Ebola Virus Disease" and features a "DISEASE INFORMATION" sidebar with links to various topics like Disease Information Home, Ebola Virus Disease, GoScan, Handwashing, Measles, Physicians - Disease Information & Reporting, Postexposure Prophylaxis, Preventing Diseases from Insects/Rodents, Reporting Other Than Communicable Diseases, Statistics (Birth & Death), Traveler's Health, and Vaccines. The main text area provides information about the first case of Ebola Virus Disease (EVD) diagnosed in the United States on September 30, 2014, in Dallas, Texas. It also includes a section titled "What is Ebola?" which states that Ebola is a virus that has caused recent disease outbreaks in West Africa. A "POPULAR" section lists various services like Beaches, Clinics and Medical Services, Disease Control and Epidemiology, Environmental Health Home, Food Protection FAQ, Family Health, HIV Planning and Coordination, Health Promotion, Health Home, Measles, Nursing, and Pool Safety. A "TRANSLATE" section offers options for Spanish and Korean. The page also features several informational graphics, including "Facts about Ebola", "How does Ebola spread?", "What are the symptoms of Ebola?", and "WEST AFRICA Ebola Outbreak".
