

Bring the Magic of Japan into Your Home

by Becoming a Sister City Host Family

The Anaheim Sister City Commission is now accepting applications to host visiting exchange students (ages 13-18) from its sister city Mito, Japan. The group will be visiting Anaheim between late July and early August this summer and families are needed to host our guests during their stay.

By Serving as a Host Family, You Can:

- Learn about the Japanese culture
- Share your American values and home life
- Participate in a number of activities and excursions with the exchange students
