Little Nicky (A1356022) is back from his loving foster home and searching for his purrfect forever home. Nicky is good with other cats and small dogs. He is a very playful kitten who loves to play with toys that roll across the floor. His foster family thinks he's a very special boy. So special, that they paid for his neuter surgery. And that means he can go home TODAY! Help him find the forever home he deserves !
