

# Meet Midna!

Midna

A1406925

Silver Tabby D.S.H.

Spayed Female

1 Year Old

**Beautiful and calm, Midna is ready to find her purrfect forever match. She had a rough start and came into the shelter very sick. An OC Animal Care staff member took her home and treated her and gave her all the love and care she needed! Now this sweet girl is back and ready to find the home she deserves. Midna is a little shy at first but warms up quickly and she loves being pet and belly rubs. Her foster mom says she loves to talk and will follow you around chatting about her day. She is friendly with other cats and would probably do great in a home with other kitty friends! Midna is relaxed, easy going and easily handled. Please help her find her forever family today!**
