Meow! My name's Nadia! I'm a friendly girl who's still adjusting to living at the shelter. My owner had to surrender me, and now I'm ready to find my new purr-ever home. I love getting lots of affection from you, and I would do best in a nice quiet home. I'm friendly with men, women and I have great litter box manners. I'm ready to find my new family today. Will you be my new best friend?
