

PERMIT PARKING PROGRAM UPDATE

What?

The City of Anaheim is reviewing its Permit Parking Program and aiming to update the citywide program later this year. The program was established in the 1980s and we are working towards ensuring it matches our current and future needs. **Your opinions will help us refine the program**, which aims to provide our communities the tools necessary to restore quality of life by addressing neighborhood parking.

Online Survey

Please take this 5-minute survey by October 6th to help us improve the City of Anaheim's Permit Parking Program!
