Distrito de Control de Vectores: Los Riesgos de los Mosquitos y Otras Plagas Jueves, 16 de noviembre @ 5 pm

The topics covered are a great way to learn about mosquitoes, rats, and Red Imported Fire ants in our urban environment

- What about West Nile virus?
- Aedes mosquitoes and Zika virus
- A mosquito free community
- What is Vector Control?

Los temas de discusion serían una manera perfecta para aprende sobre los peligros de los mosquitos, ratas, Hormigas Rojas Importadas en el medio ambiente urbano

- ¿Qué pasa con el virus de West Nile?
- Mosquitos Aedes y virus Zika
- Una comunidad libre de mosquitos
- ¿Qué es el control vectorial?

**“Dismantling Archetypes:
Breaking down barriers through film.”
Alexandria W. Walker—District Representative for
Congressman Edward R. Royce; Attorney curates Zootopia
Sun, Nov 26th at 2:00 PM**

The next *Dismantling Archetypes: Breaking Down Barriers through Film* presentation is *Zootopia*. This is a modern fairy tale about how predators and prey can co-exist in the world. It begins with not judging a book by its cover. Join in on the discussion about how we should treat others and about why we shouldn't look on the outward appearance. Discussion follows with light refreshments
