COMMUNITY GRANT OPPORTUNITIES

Investing in a Healthier Orange County

\$40 MILLION

CalOptima's mission is to serve Orange County's vulnerable residents. That's why we are proud to offer these one-time community grants with funding obtained through a program known as Intergovernmental Transfer (IGT). Pending approval by our Board of Directors, CalOptima will award approximately \$40 million to organizations ready to join us in making a positive impact on our members and the community.

REQUESTS FOR PROPOSAL

Got a great program or plan to help CalOptima members? Let us know. We anticipate releasing 14 Requests for Proposal (RFPs) seeking programs in key health care areas needing significant additional resources, such as adult and child mental health, childhood obesity, children's health, support for the safety net, homeless health, and opioid and other substance use.

COMING SOON

March 2018

In March, look for details about applying for the grants on the Community page at www.caloptima.org.

For questions about CalOptima Community Grants before March, email strategicdevelopment@caloptima.org
