### ABOUT OC ANIMAL CARE

OC Animal Care is an "open admission" shelter serving 14 contract cities and County unincorporated. OC Animal Care endeavors to prevent animals from becoming homeless through community education, diversion programs and facilitating veterinary care. When animals arrive at OC Animal Care, they receive prompt veterinary medical care and immediate efforts are initiated to unite pets with people. OC Animal Care offers a wide range of programs and services including: Quality veterinary care, animal grooming, adoption events, rabies licensing and much more.

### RECENT CONSTRUCTION ACTIVITIES

-  The main building foundation is complete.
-  Main building concrete walls are lifted and braced in place.
-  Second floor steel framing is installed with floor decking being lifted and ready to be installed.
-  Kennel Pavilion building foundations have been poured.
-  Beginning installation of Kennel Pavilion concrete block walls.

### PROJECT OVERVIEW

30%

#### PROJECT COMPLETION STATUS

The new, modern OC Animal Care shelter is being constructed on a 10-acre parcel and consists of a two-story administration building that houses the cattery, exotic animals, veterinary services, customer service and animal control. Visitors pass through the shelter lobby onto a curved promenade lined with five kennel pavilions, multiple dog play yards, a barnyard and "rabbitat." The new shelter is intended to serve homeless animals, as well as the community as a whole.

OC Public Works, on behalf of OC Animal Care, is managing the design and construction of the new Animal Care facility in the City of Tustin. This shelter will replace the current aging shelter in Orange built in the 1940s.

### PROJECT FEATURES

-  Indoor / outdoor temperature-controlled kennels to provide ample space and comfort for dogs in our care
-  Multiple dog exercise yards to facilitate enrichment and dog play groups
-  Cats will be provided large cages, group cat rooms and even "catios" for their lounging pleasure
-  Abundant use of natural light, superior ventilation and acoustical control
-  Design elements that translate into less stress for homeless animals
