

Groundbreaking Ceremony

Landfill Gas-to-Energy Project

Please Join Us for a Landmark Event!

The **Bowerman Power** landfill gas-to-energy-project is a **highly innovative renewable energy** project resulting from **visionary leadership** on the part of Orange County Board of Supervisors Chairman Todd Spitzer, the County of Orange, OC Waste & Recycling, Anaheim Public Utilities and Montauk Energy.

Benefits of the environmentally friendly project:

- Beneficial reuse of landfill gas
- Generation of up to 20 MW of electrical power
- Revenue for the County of Orange
- Dependable green energy for Anaheim households and businesses
- Boost for the local economy through construction and operations jobs
- Purchase of local materials & services

When

Thursday, January 22, 2015,
at 10:00AM

Where

Frank R. Bowerman Landfill
11002 Bee Canyon Access
Irvine, CA 92606

Please follow directional signs to event location.

We have an **exciting and informative event** planned for this **beautiful site** nestled in the hills overlooking Irvine, so **mark your calendar** and plan to attend. For more information or to arrange for special accommodations, call 714-834-4059 or email us at julie.chay@ocwr.ocgov.com

Please RSVP online here:

RSVP

NOTE: A short walk, including some non-paved areas, will be required. Please wear comfortable shoes. If you need special access or assistance, make sure to check that box on our registration form. Please take care driving to the site since the road is used by waste disposal trucks.
